

Important Salon Update and New Safety Measures

To all of our valued clients,

Our job is the best because we get to be with all of you, and to touch/transform your hair! However, this puts us at a different level of “distancing” than many other industries. We have re-opened in accordance with health & safety mandates.

Things may feel/look somewhat different at the salon for a while.

We have worked hard to set-up the following standards as a team, and we ask you read the information in this communication thoroughly!

Contact us with any additional questions/concerns.

These protocols may be subject to change/update, and we will send out more information when necessary.

Thank you for your understanding and patience!

Amanda Lenz
Owner, ReVive!

Re-opening Protocols Disinfecting & Cleaning Procedures

- Opening/Closing Cleaning Procedures will be adjusted in order to ensure handles, surfaces, and floors are all disinfected (we always like to clean, but this is going to get a bit more intense!)
- Sanitization & Cleaning Procedures between clients will include stations, chairs, and tools.

Personal Safety Gear for Clients/Team Members

Clients: We currently require our clients to purchase a Client Safety Kit with a Color/Cutting Cape & 2 Towels.

After weighing different options due to our limited access to laundry services at this time, it was determined safest and most efficient for the safety of all of our clients.

The cost of our kit is \$15 (we priced these as low as possible!)

- **This Kit is YOURS. You will take it home with you to wash, and bring it back at your next appointment to use.**
- **This Kit ensures you have your own set of “equipment” that we safely use on you only.**

Team Members: Each team member will have masks, gloves, and aprons.

Client Requirements

- Masks are REQUIRED for the duration of your appointment. Please consider bringing a mask that can be worn easily over your ears (not around back of head) and that can be worn during color services.
- You will be asked to wash your hands/hand sanitize upon arrival.
- Please bring as few personal affects as possible. We are trying to minimize the cross-contamination of surfaces/items.

Spacial Adjustments

- You will notice the removal of one of our wall stations to allot for more distance between stylists/clients.

Additional Adjustments

- Wax services are suspended with the exception of Eyebrow Waxing (mask required)
- Retail products are still available, but we ask you not to touch them; rather please ask your stylist or front desk team member for help. Also our online product website is continuing to take orders!

Waiting Area

- We require that you do not bring anyone to your appointment with you. This includes children.
- If your child has an appointment, only one parent may accompany them to their appointment.

Temporarily Suspended

- Drinks & Food
- Paraffin Hand Dip
- Magazines
